Caroline Lie Korsgaard lost her heart to France many years ago, to the good ingredients, to the gastronomy of everyday life, to “la vie française”. Today, her passion and sense of taste and aesthetics is the focal point and priority of the Danish brand **LIE GOURMET**. The inspiration for the exquisite delicacies comes largely from the French cuisine, prepared and enjoyed in our homes.

LIE GOURMET is honest and authentic delicacies, often with a small delicate twist, if Caroline and the manufacturer have fallen for a special composition that suits the taste. The goal is a sensuous experience, created to spice up your everyday dish and get more flavor and nuances in cooking.
