WHO WE ARE

WE ARE A BUSINESS THAT SUPPORTS LOCAL ORGANIC FARMERS

RHOECO is a speciality organic herbal tea company from Greece. In accordance with our principles of fair trade and ethical food production, we collect season's harvest from small-scale, Greek, organic farmers. We carefully process and pack loose only the best whole herbal parts by hand, in small batches, in our certified facilities, in Thessaloniki.

All of our operations, from the production practices to the packaging we choose to use, are in line with our aim to respect and protect the environment. We commit to offer a unique brewing experience, hoping to inspire a conscious, slow living.
