*Gift wrap to use forever*

### **EVERWRAP IS GIFT WRAP YOU CAN USE FOREVER!**

EVERWRAP is something special for you and your loved ones.  
In Denmark alone we use more than 800 tons of gift wrap every Christmas.  
But this gift wrap you can use forever!

### **HOW?**

Well, it feels like soft luxury paper, but is made of continuously interwoven polyethylene fibers, giving it high strength and anti-tearing properties with only half the weight of a standard sheet of paper.  
The material is a super strong and smooth product with many advantages!

### **MUST KNOW!**

EVERWRAP does not rip when opened.  
EVERWRAP does not reveal white lines when folded.  
EVERWRAP does not break when you tear off tape.  
EVERWRAP is waterproof.  
EVERWRAP has original ViSSEVASSE print on both sides.

### **WE CARE ABOUT THE ENVIRONMENT**

The gift wrap is printed locally in Denmark with environmentally friendly ink.  
EVERWRAP has high purity and can be recycled.
